

Bio: Shirley Bormann

Shirley Bormann APSA, MPSA has been an active member of Grand Photos in Arizona since its inception. Shirley and her husband Stan love travel and photography which provides a wonderful outlet for combining their two interests. When they travel, they try to research photographic locations in the area they are traveling to and if it is a tour or a cruise, add a few days before or after to try to make sure they have the opportunity to take some of the special images they had envisioned. They spend summers in Minnesota where they have family.

Shirley has over 2,000 international acceptances and received her Masters from Photographic Society of America (PSA) recently.

She has been on the board of PSA's Photo Travel Division for 16 years and was on the Arizona Camera Club Council's Board for the 5-6 years. She was a facilitator for PSA's Photo Travel Interclub Competition for her Arizona camera club since 2011 and has in the past chaired a number of Grand Canyon International Exhibitions for Grand Photos. A few of her favorite images are:

King Charles Cavalier

Monk Shaving Hair Burma

Plaza Espagne through Arches (Seville)

Sheikh Zayed Arches

Shekh Zayed Mosque

I hope this is helpful.
