Welcome SPAC Artists!

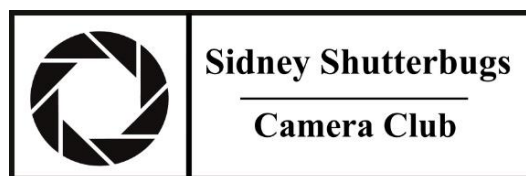

This PDF document presents the **2020-2021 "Top Ten Qualifiers" Collection** from the "Point of View" photography competition conducted for you in October 2020 by the Sidney Shutterbugs Camera Club. Some ties emerged from the Club's voting, leading to a **total of 11 images** to you to vote on.

The image titles with their labels for voting purposes are listed on the right and are presented on the following pages in the order listed. The Collection begins with all images presented as thumbnails on page 3 for an overall view, followed by each image with its label and title on a separate page.

We recommend use of the "full page view" setting in your PDF reader. You can review the Collection by scrolling forward or backward page-by-page or by using the navigation that starts on the thumbnails page.
